Objectives:

I would also like to find employment that would allow me to use my degree in HVAC and comfort controls and develop more skills for that career path.

Qualifications:

- Northern Michigan University HVAC degree in comfort controls, December 2007 with an associates degree in comfort controls.
- Working knowledge of metal duct work and siding.
- Skilled carpenter.
- Well-organized and efficient.
- Work well under pressure.
- Effective communication skills with superiors and customers.

Education:

HVAC Associates from Northern Michigan University, graduated with 3.45 GPA.

Local 1510 Carpenter Union member in 2004.

Completed Building Trades, and Auto Tech classes at Marquette Senior High
